Independent Accountant's Report on Applying Agreed-Upon Procedures

To the Board of Governors Washington State Bar Association Seattle, Washington

We have performed the procedures enumerated below on the Washington State Bar Association (WSBA) Fiscal Year 2024 Budget Summary. The WSBA's management is responsible for the Fiscal Year 2024 Budget Summary.

The WSBA has agreed to and acknowledged that the procedures performed are appropriate to meet the intended purpose of assisting you in evaluating the consistency of the presentation of the Fiscal Year 2024 Budget Summary of revenues and expenses (2024 Budget) included in Exhibit A, with presentation of the Fiscal Year 2023 Budget Summary of revenues and expenses - As Amended (2023 Budget - As Amended) included in Exhibit B, and the presentation of revenues and expenses in the audited Statement of Activities for the fiscal year ended September 30, 2022 (2022 Statement of Activities) included in Exhibit C. This report is prepared to comply with Keller vs. State Bar of California, 496 U.S. 1 (1990), which prohibits using compulsory fees of any member who objects to that use for political or ideological activities that are not germane, or reasonably related, to regulating the legal profession or improving the quality of legal services ("nonchargeable" activities). Objecting members are offered a "Keller deduction" that represents the estimated portion of fees that is used for "nonchargeable" activities. The Keller deduction is calculated prospectively based on the coming year's budget and the previous year's political activity. The Special Report on the Budget Summary reports on the presentation of the coming year's budget, which is used to compute the Keller deduction, with the previous year's financial statements and current year budget by explaining differences in categories, budgeting methodologies, and significant revenues and expenses. This report may not be suitable for any other purpose. The procedures performed may not address all the items of interest to a user of this report and may not meet the needs of all users of this report and, as such, users are responsible for determining whether the procedures performed are appropriate for their purposes.

The procedures and the associated findings are as follows:

1. We totaled all columns and rows of the 2024 and 2023 Budgets and the 2022 Statement of Activities to verify the mathematical accuracy.

Findings None

2. We compared the 2024 Budget cost center descriptions to the 2023 Budget and the 2022 Statement of Activities cost center descriptions and explained differences.

Findings

The WSBA changed the following cost centers in the 2024 Budget compared to the 2022 Statement of Activities:

 The Equality and Justice Department FTE cost center was reallocated to existing Access to Justice and Diversity cost centers.

- The Administration cost center was renamed to Finance.
- The Communications FTE cost center was renamed Communications strategies FTE.
- 3. We inquired of management if there were any differences in the methodology used to budget for revenue and expense amounts for each cost center for the 2024 Budget as compared to the methodology used to budget for revenue and expense amounts for each cost center for the 2023 Budget and to account for revenue and expenses in the 2022 Statement of Activities.

Findings

The WSBA noted no differences in the methodology used to budget for revenue or expense amounts for each cost center for the 2024 Budget as compared to the methodology used to budget for revenue and expense amounts for each cost center for the 2023 Budget and to account for revenues and expenses in the 2022 Statement of Activities.

4. We compared total revenues and total expenses by cost center in the 2024 Budget to the total revenues and total expenses by cost center in the 2023 Budget and noted differences in amounts both greater than \$100,000 and 20%. We inquired of management for an explanation of those differences.

Findings

The following categories showed differences greater than \$100,000 and 20%:

Comparison of 2024 Budget to 2023 Budget

				Differences		
	20	24 Budget	23 Budget - s Amended		Amount	Percentage
Deskbooks a. Revenue	\$	136,500	\$ 241,000	\$	(104,500)	-43%
Diversity b. Expense	\$	476,883	\$ 370,269	\$	106,614	29%
Finance c. Revenue	\$	400,000	\$ 26,000	\$	374,000	1438%

Management's explanations for the differences are as follows:

- a. <u>Deskbooks</u> It is anticipated that deskbook revenue will decline in FY24 as a result of rising eBook sales driven by online trends, a decline in the deskbook print version, and a decrease in Fastcase royalties.
- b. <u>Diversity</u> FTE allocation was increased from 1.69 in FY23 to 2.69 in FY24.
- c. <u>Finance</u> Interest rates increased significantly in FY23 and investment approach was modified resulting in much higher actual interest earned. The FY24 budget is based on the higher interest rates and maintenance of existing investment approach.

5. We compared total revenues and total expenses by cost center in the 2024 Budget to the total revenues and total expenses by cost center in the 2022 Statement of Activities and noted differences in amounts both greater than \$100,000 and 20%. We inquired of management for an explanation of those differences.

Findings

The following categories showed differences greater than \$100,000 and 20%:

Sections Operations o. Expense	\$	1,017,566	\$	467,886	\$	549,680	117%

Management's explanations for the differences are as follows:

- a. Access to Justice Board The number of FTE's allocated to this cost center was increased from 1.30 to 1.64, and expenses are anticipated to be higher in FY24 due to an ongoing Board project as well as board travel expenses. FY22 actual expenditures for this cost center came in significantly under budget due to a longer than anticipated transition to in person board activities.
- b. <u>Administration</u> This cost center name was changed from Administration to Finance.

Clark Nuber PS

- c. <u>Administration</u> This cost center name was changed from Administration to Finance. In FY23, investment approach was modified based on market conditions to capture higher interest rates. In FY22, investments were held primarily in money market accounts, and transitioned to Certificates of Deposit and Treasuries in FY23, and are continuing this in FY24. The FY24 budget reflects anticipated higher interest based on these investments.
- d. <u>Character and Fitness Board</u> The number of FTE's allocated to this cost center was increased from 0.40 to 0.75, and expenses are expected to be higher due to more in-person hearings and increased cost for board travel expenses in FY24.
- e. <u>Client Protection Fund</u> Client protection member assessments are anticipated to decrease in FY24 due to the decrease in the member assessment amount from \$20 to \$15.
- f. <u>Diversity</u> FTE for this cost center increased from 2.40 to 2.69, as well as direct expenses for consulting, surveys, and diversity events were underspent in FY22 due to timelines being pushed to FY23 and FY24.
- g. Equity and Justice Department FTE This cost center was eliminated in FY23.
- h. <u>Finance</u> This cost center name has been changed from Administration to Finance.
- i. <u>Finance</u> This cost center name has been changed from Administration to Finance. In FY23, investment approach was modified based on market conditions to capture higher interest rates. In FY22, investments were held primarily in money market accounts, and transitioned to Certificates of Deposit and Treasuries in FY23, and are continuing this in FY24. The FY24 budget reflects anticipated higher interest based on these investments.
- j. Mandatory Continuing Legal Education Administration Direct expense for depreciation is budgeted to increase significantly in FY24 due to the implementation of a new MCLE software system. FTE allocation for this cost center was increased from 4.88 to 5.88 in FY24.
- k. <u>Mandatory Continuing Legal Education Administration</u> The revenue in FY22 was higher than FY24 due to a double reporting period overlap that happens from time to time and included in the results for FY22.
- I. Office of the Executive Director FTE increased from 2 to 2.90 in FY24 and staff vacancies that existed in FY22 were filled in FY23 and maintained in FY24. Additionally, direct expenses for the Washington Leadership Institute increased significantly in FY23 and has continued with the same level of funding for FY24. Remaining direct expenses in FY22 were lower compared to FY24 as we transition to more in-person activities.
- m. <u>Practice Management Assistance</u> FTE for this cost center increased from 0 to 0.95 in FY23 and was maintained in FY24.
- n. <u>Public Service Programs</u> FTE allocation for this cost center was increased from 1.30 to 1.69. Moderate Means Program costs include staffing and direct expenses which increase each year, there is also additional work anticipated in FY24 to support the demand of this program.
- o. <u>Sections Operations</u> The direct expenses in this cost center are expected to increase in FY24 due to having more in-person events than in FY22.
