

April 20, 2025

Dear Chair Pesik et al.:

I write to express my interest in serving on the Executive Committee of the Administrative Law Section.

I have been an administrative law judge in Washington for five years now and I would like to become more involved with the community. My interest is two-fold: I wish to both learn and contribute. I have much to learn about administrative law and its practice in Washington. And I would like to assist in developing resources and opportunities for the administrative law practitioners who appear before me. I also have a deep interest in the craft of legal writing and in developing trainings that make complex information accessible and memorable for different learning styles.

Thank you for your consideration.

Sincerely,

A stylized, handwritten-style letter 'E' that serves as the signature.

Anne Fitzpatrick
