

Dear Colleagues:

I am writing to express my interest in serving as Chair of the Securities Law Committee for the WSBA Business Law Section. My practice is centered on the transactional lifecycle of startups, nonprofits, and small-to-midsize enterprises, with a specific focus on fundraising readiness and deal mechanics – experience I hope you will find relevant to this role.

As the legal landscape for private offerings and capital formation continues to evolve, I believe the Securities Law Committee has an important (and fun!) role to play helping practitioners understand these trends and complex frameworks.

My background as a legal officer and an active participant in the regional investment ecosystem (which includes work with angel syndicates, pre-seed competitions, and emerging VC funds) allows me to view securities issues through both a regulatory and a highly practical lens.

I am particularly interested in working with the Executive Committee on delivering timely information and practical education for section members, as well as providing continuity for the NW Securities Institute and Meet the Regulators traditions.

My previous professional and bar volunteer roles (including Chair of the KCBA Business Law Section) have given me a deep appreciation for the administrative and collaborative efforts required to lead a successful committee. I'd love to join the team, and look forward to the opportunity to contribute to the continued excellence of the Section.

Thank you for taking time to consider my interest.

Megan McNally
