

To whom it may concern:

I am interested in serving as an at-large member of the Liquor, Cannabis, and Psychedelics Law Section. I have practiced law for 16 years and have a solo law practice in Shelton, WA. I primarily focus on real estate, land use, and small business representation in litigation and transactional matters. I have an interest in psychedelics and would like to get more involved in a professional capacity with psychedelics.

Thank you for considering me for this position.

Sincerely,

Daniel Berner, WSBA #43241
