Reading, Writing, Family, Photography, Sculling, Hiking, Travel, Cycling.

FLEC - Candidate Statement

Christopher J. Fox  
Kirkland

I am presently a member of the Family Law Executive Committee and respectfully submit my candidacy to represent Washington State family law attorneys in this position for an additional three-year term.

Unique challenges confront the legal profession, particularly attorneys practicing family law. The WSBA Family Law Executive Committee does now, and will in the future, create legal education opportunities for its members and address important issues such as legislation, court rules, policies and procedures, diversity, fair and affordable legal representation, and the increasing development and impact of emerging technologies such as artificial intelligence.

I would be honored to receive your approving vote.
