**Statement**

I currently serve as the Juvenile Law Section's Immediate Past Chair (2025-2027) and as an At-Large member (2025-2026). I have served on the section's Executive Committee in some capacity since 2019, including as the Legislative Liaison, Chair, and now as an At-Large member. I have been happy to step back and let others shine in these leadership positions while maintaining my involvement as an at-large member and would like to continue to do so as an At-Large member for the 2026-2028 term.

Professionally, I serve as the Director of the Children's Representation Program at the Office of Civil Legal Aid. Prior to this position I worked in private practice in Tacoma, WA representing children and parents in dependency and termination proceedings.
