The **LOW BONO SECTION** is a community for legal professionals, law students, and others who are committed to providing, promoting, and learning about low bono services. The underlying purpose of “low bono” is to increase the availability of legal representation and legal services to clients of moderate means. Clients of moderate means are individuals who have a need or a want for legal representation or legal services, but who cannot qualify for pro bono legal assistance and who typically cannot afford the cost of traditional law firm representation or legal services.
